

21st annual  
race to baltimore

Baltimore's Community Sailing Center

### Saturday, July 11, 2009

You have agreed to participate in the Sail for Kids Regatta and raise money through pledges. All proceeds benefit the Outreach Programs of the Downtown Sailing Center, where sailing is the platform used to teach at-risk and inner city children, as well as disabled individuals to learn to sail, while building confidence, self esteem, leadership and environmental awareness. Please solicit as many sponsors as you can for your boat, there is no limit and extra forms are available. Awards will be presented for the most money raised by a donor boat. Your sponsorship will help many individuals who would otherwise not have such opportunities.
